MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT:

25X1

1. Enclosed is a suggested farewell letter to

25X1

2. This office has no direct need for as a consultant because his talents lie more in the research and development and operational fields than in the analysis. However, I have discussed this with Mr. Bissell who would like him retained as a consultant to assist him in connection with his responsibilities. If you approve we will initiate the necessary action to do this and maintain his clearances or arrange for Mr. Bissell to handle this out of his office.
